

ERAS

HEALTH & LONGEVITY

A Boutique, Membership-Based
Direct Primary Care Practice
for Midlife Adults & Beyond

JENNIFER HWANG, DO

Founder & Physician
Board Certified — Family Medicine
& Geriatric Medicine

“Longevity, on your own terms.”

WHAT MAKES ERAS DIFFERENT

- **Direct Access to Your Doctor**
Phone & text access to Dr. Hwang — not a call center.
- **Unlimited, Unhurried Visits**
Longer appointments, never rushed, never clock-watched.
- **Comprehensive Longevity Medicine**
Metabolic, cognitive & cardiovascular health, hormone therapy, and weight management.
- **Korean Beauty & Aesthetic Medicine**
Bespoke regimens inspired by Korean skincare innovation and longevity science.

COMPLIMENTARY MEET & GREET

Come see if ERAS is the right fit — no cost, no obligation.

ERAS

HEALTH & LONGEVITY

A Boutique, Membership-Based Direct Primary Care Practice

WHY I CREATED ERAS

For years, patients found their way to me only after something had already gone wrong — a fall, a diagnosis, a hospitalization that could have been softened, or avoided altogether, with earlier attention.

I created ERAS because I believe that if I had seen those same patients ten to fifteen years sooner, we could have built a real baseline together and optimized their health while there was still so much runway — preserving the independence, strength, and agency they later fought so hard to hold onto.

A GERIATRICIAN'S FORESIGHT, APPLIED TO LONGEVITY

As a physician board certified in both Family Medicine and Geriatric Medicine, I bring a geriatrician's foresight to longevity care — the same expertise families rely on to navigate the complexities of aging, coordinate care across specialists, and manage the hardest transitions, applied years earlier, while it can still change your trajectory.
